

Sabbatical Report for AY 2015-2016

Office of the Provost

Article XIII, Title E of the “Policies” of the Board of Trustees stipulates that the objective of a sabbatical leave “is to increase an employee's value to the University and thereby improve and enrich its programs.” Sabbaticals are granted for “planned travel, study, formal education, research, writing, or other experience of professional value.”

The Sabbatical Reports linked below reflect the creative and scholarly work of Fredonia faculty who were granted sabbatical leave in 2015-2016. These reports provide wonderful examples of the talents and commitment of Fredonia’s faculty.
