

Intern WALL OF FAME

Brittany Gilbert (Criminal Justice, Senior)
Law Enforcement Intern
University Police, SUNY Fredonia

I had an opportunity to intern with the University Police right here on campus. It was a very active and hands-on internship. I rode in the patrol car and watched people get pulled over, and some even arrested! I learned how to do paper work and dispatch. UP has a lot of great officers and I am grateful to have learned from them. It was such an awesome experience!

Students should definitely use the CDO services. You can easily make appointments and get all the information that you need. They can help you with job searching, finding an internship and writing resumes. The CDO services can really set you up for a bright future!
