

FREDONIA COLLEGE FOUNDATION

Awards, Funds and Scholarships 2021

FROM THE BOARD CHAIR

Providing scholarship support to academically talented and economically challenged students is a high priority at Fredonia. The Fredonia College Foundation, established in 1964, is devoted to the advancement and excellence of Fredonia and its students. Each year, the foundation provides funding for student scholarships, grants and special academic enrichment. The scholarships we provide to our very best students in support of their goals is central to our mission. In 2010, the Fredonia College Foundation awarded a little over \$500,000 in scholarship support to Fredonia students. Thanks to the generosity of private philanthropic support to the funds listed in this brochure, during the past year, the Fredonia College Foundation provided \$1.7 million in scholarships, grants and academic enrichment programming.

Fredonia provides a unique educational experience that prepares people to be leaders. In small classes, hands-on experience, and a vibrant campus life, Fredonia students become skilled, connected, creative, and responsible, preparing for the world beyond graduation. But more than ever, they depend on those who invest in their futures. With state support diminishing – now below 12 percent of Fredonia’s consolidated operating budget – private philanthropic support is more vital than ever to ensuring access to a Fredonia education. This has become one of our most demanding challenges as the costs of attending college have shifted more to students and their families. And although the Governor’s Excelsior Scholarships do help middle-income families with tuition, there are many other costs to attending college — fees, books, room, board — that are still challenging for many students. With your continued commitment, the foundation will continue on our mission to provide an outstanding educational experience through scholarships and academic enrichment programs.

The need for increased private philanthropic support is vital to providing the financial assistance and academic margin of excellence our students deserve. Please consider making a commitment to assist us in our mission of providing outstanding educational experiences to our students by generously supporting an endowed fund or scholarship of your choice. You can make an online gift or find additional ways to make a gift at fredonia.edu/give.

For those of you who already support our efforts, I offer a heartfelt thank you for your generosity and commitment to Fredonia.

Sincerely,

Joseph C. Falcone
Chair, Fredonia College Foundation Board of Directors

You can make a difference through legacy giving

Planned gifts play a critical role in the future success of Fredonia. We are forever grateful for this commitment and honor those who remember Fredonia in this way with special recognition as a member of the Dallas K. Beal Legacy Society. Knowledge of your intentions allows the university to plan for the future.

Membership does not depend on the size of the gift, gift intention or your age. Simply identify the Fredonia College Foundation in your estate plans so we can realize a strong future. Visit us at fredonia.edu/foundation for more information.

LEAVING A LASTING LEGACY THROUGH ENDOWMENT

Have you considered establishing an endowment fund?

It's a wonderful way to help the State University of New York at Fredonia provide financial support to a student, project or program, receive tax benefits and continue these good efforts in your name or in the name of a loved one, far into the future.

An endowment is a permanent fund that will exist in perpetuity, with the principal preserved and only a portion of the annual income available for expenditure. Endowment funds are invested by the Fredonia College Foundation with the goal of providing both annual expenditures and appreciation of the principal.

Three options are available to assist you in reaching the \$10,000 threshold:

1. Named Endowment
2. Building Towards Endowment
3. Doors to Opportunity Pooled Fund

A donor can choose between funding an endowment all at once, or building toward the \$10,000 goal through the following options: Building Towards Endowment or Doors to Opportunity Pooled Fund.

When the fund reaches the \$10,000 endowment level, the foundation will use a percentage of earnings, currently 4.5 percent, to fulfill the fund's purpose as designated by the donor.

A donor has the ability to make additional contributions to his/her fund at any time. Gifts of cash, securities, real estate, life insurance and bequests can be directed to a specific fund.

The professional staff at the Fredonia College Foundation has the knowledge and expertise to assist donors in fulfilling their philanthropic goals. For information, please contact the foundation office at (716) 673-3321 or visit our website at fredonia.edu/foundation
